

INTERNATIONAL GLOBAL SHORTWAVE CLUB

May 1, 2024

Dear Shortwave Club member:

I want to thank GSWC member 1312 from Summit, New Jersey, who sent a reception report like the one I included. As a reminder, we broadcast Monday through Friday on frequencies 13.845 at 1 p.m. and 5.890 at 10 p.m. Eastern time. On Saturdays, we broadcast on frequencies 12.160 at 12 p.m. and 4.840 at 9 p.m. Eastern time. Lastly, on Sundays, we broadcast on frequencies 9.350 at 4 p.m. and 4.840 at 9 p.m. Eastern time.

I know it is easy to get caught up in our daily routines. If listening to shortwave radio is part of it, please take a few minutes to either call or write a reception report. The form I included should make it easy to note the helpful information. If you do not have time to listen to all or part of it, please try to hear the signal long enough to confirm your reception of our show. This information is very important to us.

Thank you for your time, and I hope to hear from you soon! Have a great day!

Good listening!

William Davis
